

# Cavara cabins.

Cavara Cabins is a modern design-and-build company specializing in premium steel-framed A-frame cabins. Founded by Anthony Chali, a professional civil engineer, the company focuses on delivering durable, elegant, and functional cabin spaces tailored for eco-lodges, private retreats, and unique residential developments. Based in Lusaka, Zambia, Cavara Cabins combines innovative engineering with refined architectural aesthetics to create intimate spaces that stand out in both quality and experience.

## ■ About Company

Anthony Chali is a Professional Civil Engineer and the CEO and Founder of Cavara Cabins. With a strong passion for innovative design and structural excellence, he leads the development of modern steel-framed A-frame cabins that combine durability, functionality, and timeless architectural appeal.

## ■ Introduction

Cavara Cabins is a modern design and build company creating luxury steel-framed A-frame cabins tailored for Airbnb, tourism, and boutique hospitality spaces. We craft aesthetically striking, experience driven cabins that blend architectural elegance with structural durability delivering unique stays that attract guests and elevate destinations.

## ■ Our Vision And Mission

At Cavara Cabins, our vision is to redefine modern travel by offering uniquely designe, luxury A-frame cabins that blend comfort, style, and a deep connection to nature. Our mission is to create memorable experiences for every guest through innovative architectur, meticulous attention to detail and sustainable practices that respect the environment while providing exceptional comfort and aesthetic appeal.

## ■ What We Do?

As Cavara Cabins, we design and build modern, steel-framed A-frame cabins that blend architectural elegance with functional living. Our focus is on creating refined, durable, and aesthetically striking spaces tailored for tourism, Airbnb investments, and private retreats. From concept to completion, we deliver cabins that offer both structural integrity and a distinctive luxury experience.

## ■ Our Services

01

Design & Concept Development Custom A-frame architectural designs tailored to client vision, site conditions, and budget.

02

Steel Structure Supply & Installation – High-quality, precision-engineered steel framing systems built for strength, efficiency, and longevity.

03

Complete project management, construction, and finishing to deliver ready-to-operate cabins.

# ■ Project Description

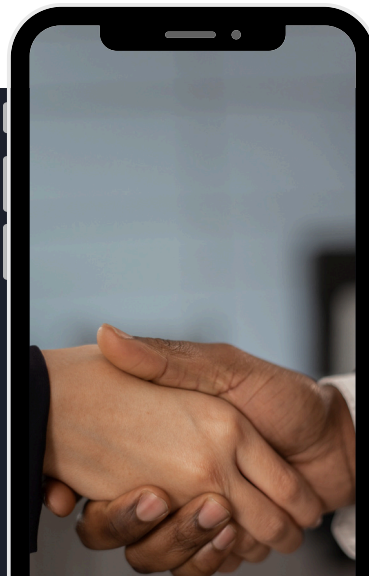

Our projects involve the development of high quality, modern steel framed A-frame cabins designed for travelers seeking both comfort and a distinctive aesthetic. Each cabin integrates sustainable construction practices, durable materials and elegant design to deliver exceptional stays.

# ■ Project Overview

Cavara Cabins transforms land into exclusive, immersive experience. From concept design to final construction, each project is crafted to harmonize with its environment while offering guests a unique and luxurious retreat. Our Cabins are not just accommodations, they are destinations in themselves.

**“Escape.  
Relax.  
Experience  
Cavara”**
